Riccall Community Primary School

Parents, carers and visitors' behaviour policy

This policy is an unsigned agreement between parents, carers, visitors and Riccall Community Primary School and complements the Home-School Agreement.

At Riccall Community Primary School, we are very proud and fortunate to have a very dedicated and supportive school community. At our school, the staff, governors, parents and carers all recognise that the education of our children is a partnership between us.

We expect our school community to respect our school ethos, keep our school tidy, set a good example of their own behaviour both on school premises and when accompanying classes on school visits.

In addition, we also expect our parents, carers and visitors to keep our children safe by adhering to the school's request to refrain from driving down Coppergate at the beginning and end of school unless absolutely necessary.

As a partnership, we are all aware of the importance of good working relationships and all recognise the importance of these relationships to equip our children with the necessary skills for their education. For these reasons, we will continue to welcome and encourage parents and carers to participate fully in the life of our school.

The purpose of this policy is to provide the expectations around the conduct of all parents, carers and visitors connected to our school.

We are committed to resolving difficulties in a constructive manner, through an open and positive dialogue. However, we understand that everyday misunderstandings can cause frustrations and have a negative impact on our relationships. Where issues arise or misconceptions take place, please contact your child's teacher or the headteacher, who will be available to meet with you and go through the issue and hopefully resolve it. Where issues remain unresolved, please follow the school's complaints procedure. This is available on the school website or a copy can be requested from the school office.

This policy aims to clarify the types of behaviour that will not be tolerated and seeks parental agreement to these expectations. The code of conduct also sets out the actions the school can take, should this code be ignored or where breaches occur.

Behaviour that will not be tolerated:

- Disruptive behaviour which interferes or threatens to interfere with any of the school's normal operation or activities anywhere on the school premises.
- Any inappropriate behaviour on the school premises.
- Using loud or offensive language or displaying temper.
- Threatening in any way, a member of staff, visitor, fellow parent/carer or child.
- Damaging or destroying school property.
- Sending abusive or threatening emails or text/voicemail/phone messages or other written communications (including social media) to anyone within the school community.

- Defamatory, offensive or derogatory comments regarding the school or any of the pupils/parents/staff/governors at the school in public places, including on Facebook or other sites
- The use of physical, verbal or written aggression towards another adult or child. This includes physical punishment of your own child on school premises.
- Approaching someone else's child in order to discuss or chastise them because of the actions of this child towards their own child (such an approach to a child may be seen to be an assault on that child and may have legal consequences).
- Smoking including the use of electronic cigarettes (vapes), taking illegal drugs or the consumption of alcohol on school premises (alcohol may only be consumed during authorised events).
- Dogs being brought on to the school premises (other than guide dogs).

Should any of the above occur on school premises or in connection with school, the school may feel it is necessary to take action by contacting the appropriate authorities or consider banning the offending adult from entering the school premises.

Thank you for abiding by this code in our school. Together we create a positive and uplifting environment, not only for the children but also all who work and visit our school.

It is important for parents and carers to make sure any persons collecting their children are aware of this policy.

What happens if someone displays any of these behaviours?

In the event of any parent/carer or visitor to the school displaying such behaviours, then proportionate actions will be taken as follows:

In cases where the unacceptable behaviour is considered to be a serious and potentially criminal matter, the concerns will be referred to the police, in the first instance. This will include any or all cases of threats or violence and actual violence to any child, staff or governor in the school. This will also include anything that could be seen as a sign of harassment of any member of the school community, such as any form of insulting social media post or any form of social media cyberbullying. In cases where evidence suggests that behaviour would be tantamount to libel or slander, then the school will refer the matter to the North Yorkshire Legal Team for further action. In cases where the code of conduct has been broken but the breach was not libellous, slanderous or criminal matter, then the school will send out a formal letter to the parent/carer with an invitation to a meeting.

If the parent/carer refuses to attend the meeting, the school will write to the parent/carer and ask them to stop the behaviour causing the concern and warn that if they do not, they may be banned from the school premises. If this behaviour continues, the parent/carer will again be written to and informed that a ban is now in place.

Note: (1) a ban from the school can be introduced without having to go through all the steps offered above in more serious cases.

(2) Site bans will normally be limited in the first instance.

Issues of conduct with the use of social media

.

The school has a Facebook page which allows parents to see what is going on in school. We encourage you to positively participate, if you wish. Whilst not ran by the school, many year groups have parental WhatsApp groups.

Within these spaces we ask that you use common sense when discussing school life online. We ask that social media, whether public or private, should not be used to voice complaints against the school, school staff, parents or children. We take inappropriate use of social media by a parent to publicly humiliate or criticise another parent, member of staff or child extremely seriously.

Online activity which we consider inappropriate:

- Identifying or posting images/videos of children
- Abusive or personal comments about staff, governors, children or other parents
- Bringing the school into disrepute
- Posting defamatory or libellous comments
- Emails circulated or sent directly with abusive or personal comments about staff or children
- Using social media to publicly challenge school policies or discuss issues about individual children or members of staff
- Threatening behaviour, such as verbally intimidating staff, or using bad language
- Breaching school security procedures

At our school, we take our safeguarding responsibilities seriously and will deal with any reported incidents appropriately in line with the actions outlined above.
